

Stone Forest IT

Enterprise Resource Planning

Sage 300 | Business Central

ERP MANAGER FOR ACCOUNTANTS

We advise, set up and manage your ERP system with **best practices** and **governance**.

- ✓ **Simplicity** of having ONE manager to manage your ERP lifecycle, infrastructure, and cybersecurity needs
- ✓ **Internal accounting controls** for mid-market businesses
- ✓ **Compliance** with data security and PDPA

WHAT WE DO

Beyond ERP implementation, regular upkeep and quick access to reliable support are key to ensuring your ERP is stable, secure, and compliant.

Over 35 years of helping SMEs execute ERP operations without a hitch

LHN Group has been working with Stone Forest IT for the past 7 years and we are consistently impressed with their team's level of expertise, professionalism and prompt customer support.

They have been a valuable IT partner in our ERP operations. Willing to go above and beyond, they are always ready to assist in any of our issues and concerns, even on weekends and after office hours for urgent requests.

Their deep understanding of our business needs and practical advisory have been instrumental in helping us achieve our IT goals. This has greatly helped us to maintain a stable IT environment for our Sage 300 and we are grateful for their partnership.

– Lynn Liao,
Head of IT
LHN GROUP

With Stone Forest IT handling all our non-routine annual tasks and system upgrades since 1999, we have the peace of mind and time to focus on day-to-day operations to grow our business. Their consultants are always ready to help and they provided relevant and practical advice to manage our statutory reporting.

As accountants themselves, they put in the effort to listen to our business needs and are able to effectively translate accounting requirements into our ERP system.

– Serene Lim,
Admin/ Finance Manager
Crimsign Graphics Pte Ltd
